PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
to be held on November 2, 2007**

General

This Proxy Statement is being furnished to the holders of the common stock, \$0.001 par value per share (the "Common Stock") of Acacia Automotive, Inc., a Texas corporation (the "Company" or "Acacia"), in connection with the solicitation by the Board of Directors of proxies for use at an Annual Meeting of Stockholders to be held on November 2, 2007 (the "Annual Meeting") commencing at 10:00 a.m., at The Renaissance Orlando Resort, 6677 Sea Harbor Drive, Orlando FL 32821, and at any adjournments or postponements thereof. The matters to be considered and acted upon at the meeting are described below in this Proxy Statement.

The principal executive offices of the Company are located at The Gardner Building, Suite 104, 5214 Maryland Way, Brentwood, TN 37027. The approximate mailing date of this Proxy Statement and the accompanying Proxy is October 19, 2007.

Outstanding Capital Stock

The record date for stockholders entitled to notice of and to vote at the Annual Meeting of Stockholders was the close business on October 9, 2007. At the close of business on that date the Company had issued, outstanding and entitled to vote at the meeting 11,947,524 shares of Common Stock (the "Common Stock").

Quorum And Voting

The presence, in person or by proxy, of the holders of a majority of the total combined voting power of the outstanding capital stock of the Company is necessary to constitute a quorum at the Annual Meeting of Stockholders. In deciding all questions, a holder of Common Stock shall be entitled to one vote, in person or by proxy, for each share in the stockholder's name on the record date. At the record date, the total number of votes which could be cast by all holders of capital stock of the Company was 11,947,524.

Action to Be Taken at The Meeting

The accompanying proxy, unless the stockholder specifies otherwise therein, will be voted (i) FOR the election as directors of the Company the persons named under the caption "Election of Directors"; (ii) FOR the ratification of the Company's 2007 Stock Incentive Plan; (iii) FOR the ratification of the appointment of Killman, Murrell & Company, P.C. as the Company's independent auditors for the fiscal year ending December 31, 2007; and (iv) in the discretion of the proxy holders on any other matters that may properly come before the meeting or any adjournment thereof.

In order to be elected a director, a nominee must receive a plurality of the votes cast at the meeting for the election of directors. The ratification of the 2007 Stock Incentive Plan requires the approval of the majority of all the shares outstanding. (See "Quorum and Voting"), and the ratification of the appointment of Killman, Murrell & Company, P.C. as the Company's independent auditors requires a plurality of the votes cast at the meeting. (See "Quorum and Voting").

When the giver of the proxy has appropriately specified how the proxy is to be voted, it will be voted accordingly. Your attention is directed to the accompanying proxy which provides a method for stockholders to withhold authority to vote for one or more nominees for director and to vote against or to abstain from voting on the other matters offered for approval. If any other matter or business is brought before the meeting, a vote may be cast pursuant to the accompanying proxy in accordance with the judgment of the person or persons voting the shares subject to the proxy, but management does not know of any such other matter or business.

Should any nominee named herein for the office of director become unable or unwilling to accept nomination or election, the person or persons acting under the proxy will vote for the election in his place of such other person, if any, as management may recommend; however, management has no reason to believe that any of the nominees will be unable or unwilling to serve if elected. Each nominee has expressed to management his intention that, if elected, he will serve the entire term for which his election is sought.

The accompanying proxy may be revoked at any time before it is exercised by giving a later proxy, notifying the Secretary of the Company in writing, or voting in person at the meeting.

Committees of the Board of Directors

The Company presently does not have a separately-designated Audit Committee and Compensation Committee, but management of the Company plans to ask the Company's Board of Directors to establish an Audit Committee and a Compensation Committee, each consisting of at least two directors, none of whom will be an officer or employee of the Company. The duties of the Audit Committee will be to recommend to the entire Board of Directors the selection of independent certified public accountants to perform an audit of the financial statements of the Company, to review the activities and report of the independent certified public accountants, and to report the results of such review to the entire Board of Directors. The Audit Committee will also monitor the internal controls of the Company.

. Because of the small size of the Board of Directors or the lack of activity for the last several fiscal years, the Company believed that the entire Board acts effectively as the Nominating Committee and Compensation Committee and Audit Committee.

For fiscal 2006, the Board of Directors, acting as the Company's Audit Committee, has not reviewed and discussed the audited financial statements with management nor have they discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Board of Directors has not received the written disclosures and the letter from the independent accountants required by Independence Standards Board Standard No. 1 as adopted by the Public Company Accounting Oversight Board in Rule 3600T and not, based on the review and discussions referred to in this paragraph, recommended to the board of directors that the audited financial statements be included in the Company's annual report on Form 10-KSB for the last fiscal year for filing with the Commission. The Company has not determined whether the Company has a financial expert, primarily because of the Company's lack of activity for the preceding fiscal year.

The duties of the Compensation Committee will be to provide a general review of the Company's compensation and benefit plans to ensure that they meet corporate objectives and to administer or oversee the Company's Stock Option Plan and other benefit plans. In addition, the Compensation Committee will review the compensation of officers of the Company and the recommendations of the Chief Executive Officer on (i) compensation of all employees of the Company and (ii) adopting and changing major Company compensation policies and practices. Except with respect to the administration of the Stock Option Plan, the Compensation Committee will report its recommendations to the entire Board of Directors for approval.

The entire Board of Directors acts as the Nominating Committee, and each director participates in

the consideration of director nominees The Nominating Committee meets the independence requirements of the American Stock Exchange and does not have a charter. Each of the directors nominated for the forthcoming year were originally identified by the Company's Chief Executive Officer.

Stockholders wishing to submit the name of a candidate for the Board of Directors should submit the recommendation, along with the candidate's biographical information, to the Secretary of the Company at The Gardner Building, Suite 104, 5214 Maryland Way, Brentwood, TN 37027. Other than this submission requirement, there are no differences in the manner in which the Nominating Committee evaluates a stockholder recommended director nominee. Potential nominees are identified by the Board of Directors based on the criteria, skills and qualifications that have been recognized by the Nominating Committee. Once a potential nominee for director has been identified, including those candidates submitted by stockholders, the Nominating Committee determines whether to conduct a full evaluation of the candidate. This determination is based primarily on the need for additional directors to fill vacancies or expand the size of the Board of Directors. If it is determined that additional consideration is warranted, the Nominating Committee will then evaluate the potential nominee against the qualifications and skills it believes are necessary for directors to possess, including: (i) independence in accordance with the American Stock Exchange standards; (ii) high personal and professional ethics, integrity, and mature judgment; (iii) business experience that is useful to the Company and complementary to the background and experience of the other directors; (iv) a commitment to serve and the ability to devote the required amount of time to carry out the duties and responsibilities of a director; and (v) other relevant factors as the Nominating Committee may determine.

Stockholders who wish to communicate with the Board of Directors or with a particular director may send a letter to the Secretary of the Company, at The Gardner Building, Suite 104, 5214 Maryland Way, Brentwood, TN 37027. Any communication should clearly specify that it is intended to be made to the entire Board of Directors or to one or more particular directors. The Secretary will forward the correspondence to the Board of Directors who may review the correspondence in their next meeting. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Chairman of the Audit Committee.

Director Compensation

Directors of the Company presently serve without compensation except under the plan adopted by the board of directors on February 1, 2007 and submitted to the stockholders for ratification at this annual meeting of stockholders, the 2007 Stock Incentive Plan. On February 1, 2007, each non-employee director of the Company was granted an option to acquire an initial 10,000 shares of Common Stock for \$0.01 per share and will receive 15,000 additional options upon election to a full term. On May 16, 2007, Mr. Bynum, a non-employee director, was named to the board of directors and received an option to acquire 10,000 shares of common stock for \$0.875 per share pursuant to the terms of the 2007 Stock Incentive Plan.

Election of Directors

Directors of the Company are to be elected at the meeting to hold office until the next Annual Meeting of Stockholders or until their respective successors are elected and qualified. It is intended that the shares, subject to the proxies solicited hereby, will be voted for the following nominees, whose age and position with the Company is indicated in the table, for director, unless otherwise specified on the proxy. The following table sets forth certain information regarding the Company's directors:

Ratification of 2007 Stock Incentive Plan

On February 1, 2007, the Company's Board of Directors adopted the 2007 Stock Incentive Plan for the grant to employees, officers, directors and consultants to the Company, parent or subsidiary of the Company of up to 1,000,000 shares of the Company's Common Stock, subject to adjustment in the event of any subdivision, combination or reclassification of shares. Beginning with calendar year 2008, the number of shares authorized under the plan shall automatically increase by an amount equal to 4% of the total number of shares of Common Stock outstanding on the last trading day of December of the immediately preceding calendar year. However, in no event shall any such annual increase exceed 1,000,000 shares. No one person may receive options for more than 500,000 shares in the aggregate per year.

There are five programs under the 2007 Stock Incentive Plan under which (i) eligible persons may be granted options to purchase Common Stock for incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, and employees and others may be granted non-qualified options; (ii) eligible employees may have a portion of their base salary invested in special option grants; (iii) eligible persons may be issued shares of Common Stock directly, either through immediate purchase of shares or as a bonus; (iv) non-employee directors shall receive option grants upon adoption of the plan or upon becoming a director and at designated intervals over the period of continued board service; and (v) non-employee board members may have their annual retainer fee otherwise payable in cash applied to a special option grant.

Except for the incentive stock option plan, recipients of options under the plan may have a taxable event upon either the awarding of an option or the exercise of an option granted under the plan.

The Discretionary Option Grant Program provides for the grant of incentive stock options to employees within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended. Employees, non employee members of the Board of Directors, Consultants and other independent advisors who provide services to the Company may also participate in the Discretionary Option Grant Program although such grants would not be incentive stock options. The exercise price of any option will not be less than the fair market value of the shares at the time the option is granted. The options granted are exercisable at the times or upon the events determined by the Plan Administrator set forth in the grant, but no option is exercisable more than ten years from the date of the grant. The options are non-transferable except by will or by laws of descent and distribution. Upon merger or consolidation of the Company or the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or distribution of the Company, options granted under the Discretionary Option Grant Program become fully exercisable.

The Salary Investment Options Grant Program provides for the grant of an option to certain executives in which the executive agrees to reduce his or her salary by an amount not less than \$10,000 nor more than \$50,000. The option is for a number shares determined by dividing 150% of the amount of the reduced salary by the fair market value per share of Common Stock on the date of the option grant. The exercise price is one-third of the fair market value per share of Common Stock on the date of the grant. The options are non-transferable except by will or by laws of descent and distribution. Upon merger or consolidation of the Company or the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or distribution of the Company, options granted under the Salary Investment Options Grant Program become fully exercisable.

Pursuant to the Stock Issuance Program, the Plan Administrator may grant the issuance of stock directly to certain executives of the Company, non-employee members of the Board of Directors and consultants and other independent advisors that provide services to the Company. The Plan Administrator has the discretion to determine whether grants may vest in one or more installments or upon attainment of specific performance objectives except to the extent that the Company assigns to a successor corporation or is otherwise imposed. Upon merger or consolidation of the Company or the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or distribution of the Company, options granted under the Stock Issuance Program become fully exercisable.

The Automatic Option Grant Program provides that each non-employee director on February 1, 2007, or upon a director's initial appointment as a director subsequent to February 1, 2007, shall receive an option for 10,000 shares at a price equal to the closing price on February 1, 2007, which the directors deemed to be \$0.01 per share, or, if appointed subsequent to February 1, 2007, the closing price of the Common stock on the date of the director's initial appointment to serve as a director. The term of such option is ten years, provided, however that an option holder must exercise any option within 12 months upon ceasing to be a director. Although all of the shares may be purchased upon the date of the grant, the Company may repurchase such shares. Each initial 10,000 share grant shall vest, and the Corporation's repurchase right shall lapse, in a series of six (6) successive equal semi-annual installments upon the Optionee's completion of each six -month period of service as a Board member over the 36-month period measured from the option grant date. Furthermore, provided one has been a director for four months prior to his election to the Board at the Annual Meeting of Shareholders, a non-employee director automatically receives an option for 15,000 shares of stock with an exercise price equal to the closing price of the Company's Common Stock on the date of the annual Meeting of Shareholders. Such shares automatically vest subject to the Company's right to repurchase the shares. Each annual 15,000 share automatic option shall vest, and the Corporation's repurchase right shall lapse, in two successive equal semi-annual installments upon the Optionee's completion of each six -month period of Board service measured from the option grant date. Upon merger or consolidation of the Company or the sale, transfer

or other disposition of all or substantially all of the Company's assets in complete liquidation or distribution of the Company, options granted under the Automatic Option Grant Program become fully vested and exercisable and any right of the Company or successor to repurchase ceases.

The Director Fee Option Grant Program is similar to the Salary Investment Option Grant Program in that non-employee director may elect to have all or a portion of the annual retainer fee that is otherwise payable in cash. The option is for a number shares determined by dividing 150% of the amount of the reduced fee by fair market value per share of Common Stock on the date of the option grant. The exercise price shall be one-third of the fair market value per share of Common Stock on the date of the grant. Upon merger or consolidation of the Company or the sale, transfer or other disposition of all or substantially all of the Company's assets in complete liquidation or distribution of the Company, options granted under the Discretionary Option Grant Program become fully exercisable.

Administration of the Automatic Option Grant and Director Fee Option Grant Programs are self-executing and there is no Plan Administrator with respect to those programs. Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all eligible persons other than certain executives may, at the Board's discretion, be vested in a Primary Committee or a Secondary Committee, or the Board of Directors may retain the power to administer those programs with respect to all persons. The Primary Committee, the Secondary Committee or the Board of Directors may set the prices, expiration dates and other material conditions upon which the options may be exercised. The Board of Directors may, however, establish a Primary Committee that shall have sole and exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to certain executives. Any discretionary option grants or stock issuances for members of the Primary Committee shall be made by a disinterested majority of the Board of Directors. Messrs. Sample and Gibbs presently serve as the Primary Committee.

The Board of Directors may amend the plan as they, in their sole discretion, may determine.

CHANGE OF CONTROL

On August 15, 2006, Steven L. Sample entered into an agreement with Thacker Asset Management, LLC to acquire 4,000,000 shares of the Company's Common Stock for \$50,000 cash, which represented 49.6% of the issued and outstanding shares of the Company's Common Stock as of December 29, 2006. That \$50,000, as well as other expenses of the Company of approximately \$152,000 paid by Mr. Sample, including \$21,500 paid to the Company's former stock transfer agent and \$3,500 paid to its bankruptcy counsel, came from the personal funds of Mr. Sample and from a loan to him in the amount of \$125,000 from Automotive Properties, LLC. In exchange for paying the foregoing expenses, the Company agreed to issue to Mr. Sample 8,117,500 post-split shares of Common Stock and 500,000 post split shares of Preferred Stock, all of which occurred on February 1, 2007, following the effectiveness of the reverse split. The market value at issuance to Mr. Sample of those Common Shares on February 1, 2007, was \$81,175. The 500,000 shares of Preferred Stock were subsequently converted to Common Stock and warrants to purchase 1,425,000 shares of Common Stock, of which 475,000 are presently exercisable for \$1.00 per share and the remainders of the warrants are exercisable at an average

of \$3.00 per share beginning in the next three fiscal years, and are subject to the Company attaining specific performance levels.
